

Virtual Reality 2.0

- Keck vr 1.0
- All 11 summit observatories, bases, imiloa center
- Oculus 3d and 3d audio
- Underwater VR

Beginning several years ago, HPA students at the energy lab used innovative tools to create immersive videos of the eleven observatories on Mauna Kea. We have extended this project with tours of the Art museum and the HPA campus. Our next project involves creating immersive Oculus Rift experiences with depth and audio.
