Derrick Story is a professional photographer, writer, instructor, and the Digital Media Evangelist for O'Reilly Media. He's authored many books including his latest, "The Digital Photography Companion" and the "Photoshop CS4 Companion for Photographers." Derrick's video tutorials are available through Lynda.com, featuring Aperture, iPhoto, and digital photography training. His photo articles are a regular staple for Macworld Magazine. He runs a virtual camera club at [www.thedigitalstory.com](http://www.thedigitalstory.com), featuring weekly photography podcasts, reader-submitted photos, and pro tips.

Harold Davis is the author of more than thirty books on a variety of subjects. He is a well-known photographer whose work has been widely published in art posters, on book covers, and in giant photo murals. Harold writes the popular Photoblog 2.0 at [www.photoblog2.com](http://www.photoblog2.com) with close to 2,000 photo related stories. His other websites include [www.digitalfieldguide.com](http://www.digitalfieldguide.com) and [www.digitalnight.us](http://www.digitalnight.us).
