WDS

This section is used to define how access to the Internet is restricted to the wireless clients listed here. If none are listed, all wireless clients can access the network if they can authenticate with it.

AirPort ID	Description	
		+
		-
		⚙️

This section is used to define the location of RADIUS servers. If RADIUS is used, only clients with valid AirPort ID's will be allowed to access the AirPort network.

The MAC address will be formatted as 010203-0a0b0c and used for the user name. The Shared Secret will be the password. This format is often used by Lucent and Agere.

RADIUS:

Default

Primary IP Address: 10.9.250.3

Port: 1812

Shared Secret: ●●●●●●

Secondary IP Address: 10.9.250.4

Port: 1812

Shared Secret: ●●●●●●
