EALG: Wireless Campus

Conference: [Educator Academy Series](#)

Track: [Macworld Educator Academy Labs](#)

Session Code: EALG

Speaker:

[Dr. Bill Wiecking](#) – *Hawaii Preparatory Academy*

January 16, 2008

12:15pm - 3:15pm

Session Description:

[Download this lab to iCal](#)

How can laptops be used in your classroom to augment teaching and engage students? Learn the ups and downs of wireless schools, including implementation, security issues, wireless roaming, case studies, typical problems and their solutions, and a look to the future: will the iPhone become a teaching tool? If you are an educator, administrator or system administrator, this session is for you.
